Resume of

MD Rejwanul Hoque

Cell: +8801723666148
E-mail: rejwanul313@diu.edu.bd

Objective: To achieve a dynamic position in an organization that offers me to learn and reap higher reward of success and can utilize my experience, educational and analytical skills to enhance competence of an organization and myself.

Experience: **1 years in Software development implementation and technical documentation**
In my short career, I have got the opportunity to work on some interesting projects like Hospital Management system (Bahmni and OpenMRS). I have been working on Angular, AngularJS, React Js and other JavaScript libraries since February 2022.

Education: **Bachelor of Science in Software Engineering**
Daffodil International University
Degree Awarded–2022.

Expertise: **HTML, CSS, Bootstrap**
I have Extensive knowledge in web design technologies. I have expertise in HTML, CSS, Bootstrap, Responsive Web Designing and Cross-Browser support.

JavaScript, Node, Angular, AngularJs, React JS
JavaScript is one of my mentionable skills. I can write JavaScript code keeping in client-side effects. I have experience on Node.

Git, NPM, WebStorm, Intellij Idea, VS Code
One might be a good programmer, but to become a good software developer he must have a lot of knowledge on different dev tools. Since the beginning I have been using Git, npm, webpack, webstorm and VS code etc.

Agile, Scrum
Since 2022 I have been working in an agile team. Here we follow agile methodology like scrum. Our team has been divided into locations, product team in New York and development team is Dhaka based so agile is one kind of mandatory for remote development.

HTTP/2
Since HTTP/2 is getting standard soon, it is time to follow up on all of those things and see what is better for which one.

Present Job: **Junior Software Developer**
Crystal Technology Bangladesh Ltd.
Address:House No-142, Castle Green(2nd Floor), Green Road, Dhaka-1205.
